

FROM THE EDITOR-IN-CHIEF

Dear Reader-

Undertaking a special issue in honor of Professor Roger Janelli was no small matter. It was daunting, needless to say cheeky, to attempt to provide scholarship that both illuminated issues vital to East Asia and that reflected well and well upon the work and approach of Janelli himself. We knew that our success hinged on just the right Guest Editor for the position. We were thrilled when Kyoim Yun agreed to come on board. A long-time mentee of Janelli and a Korean scholar in her own right, Kyoim brought personal and academic knowledge to bear upon this endeavor, investing of herself generously to help us construct an issue worthy of Roger Janelli. We thank her for her painstaking efforts.

And thank you, Professor Janelli.
It has been a pleasure.

Enjoy the issue.
